CRC EMPLOYEE TESTAMONIALS

"The M.E.L. Hardship Grant helped when I needed major car repairs to keep me on the road. The process was confidential and quick. I'm grateful to be working for a company that can offer this."

"As I prepared ... for cancer treatments, I was concerned about finances. I was reminded about the fund and so I applied. What a blessing knowing my gas was covered and money left for my spouse during my month-long absence. Thank you CRC for this grant!"
